All material accessible on this website is provided for information and education purposes only and should not be taken to constitute medical advice, or an endorsement or a recommendation of any specific product or treatment.

The use and supply of cannabis medicines is regulated by Federal, State and Territory legislation and assessed by Australian Regulator, the Therapeutic Goods Administration, for safety, quality and effectiveness. Where clinically appropriate, there are pathways for doctors to access cannabis medicines for their patients.

Any person who is interested in using cannabis medicines should consult an experienced healthcare provider, who will assess the person's medical condition and suitability of treatment.
